GENERAL SAILING INSTRUCTIONS

Middle Harbour Yacht Club (MHYC) as the Organising Authority, will conduct the Sydney Harbour Regatta on the waters of Sydney Harbour and the nearby Tasman Sea on Saturday 7th and Sunday 8th March 2026. Further instructions for each Class or Division are detailed in each Series Appendix, which forms part of the Sailing Instructions.

1 RULES

- 1.1 The Sydney Harbour Regatta will be governed by the following:
- the rules as defined in The Racing Rules of Sailing,
 - the Special Regulations of Australian Sailing (AS), and
 - the current IRC Rules, Parts A, B and C (if applicable),
 - the Regulations of NSW Maritime in regard to Ships and Ferries exclusion zones, except as any of these are modified by these Sailing Instructions.
- 1.2 At the discretion of the Organising Authority, a Class or Division with less than six (6) eligible entries may be abandoned or combined with another class or division.
- 1.3.1 For all Classes, scoring penalties shall apply at the discretion of the Protest Committee.
- 1.3.2 The Protest Committee may go afloat to observe racing. Whilst afloat the Protest Committee may sound a whistle to indicate they have observed a racing incident.

Headsails may be poled out but must be tacked to the foot of the forestay and fully attached to the forestay. No sail shall be set forward of a point of attachment of the permanent forestay.
- 1.5 The following Racing Rules of Sailing (RRS) will be amended:
- RRS 41: Is changed that, 'whilst racing a boat may retrieve data from any page of the Event or MHYC Websites, even if that page is not publicly available.'
 - RRS 44.1: Is changed that 'only a one (1) turn penalty, including one (1) tack and one (1) gybe is required, except for infringements that occur within the "zone" of a rounding mark.'
 - RRS 55.1 and 55.2: Fixed and retractable spinnaker poles and bowsprits are permitted for the purpose of setting asymmetrical spinnakers.

 - RRS 52: Is changed so that it 'does not apply to the adjustment and operation of sails or to the adjustment of movable appendages on boats over 12.0m LOA. This Rule is changed to permit powered winches for boats over 12.0m LOA and as detailed in NoR 1.2.2.
 - RRS 78.2: Where required, valid Rating / Class certificates shall be produced by the due date specified in the Notice of Race.
 - RRS35, A5.2 and A5.1: Are amended so that boats still racing at the expiration of the race time limit will be scored points equal to the number of boats finishing within the time limit plus a score of 30% of the number of starters rounded to the nearest whole number, but no more points than the number of starters. Such boats will be scored TLE.

Competitor's Brief

1. Be Safe!
2. Observe NSW Collision regulations and in particular Rule 1 (b) and Rule 2(a) (b)
ie: Nothing in these Rules shall exonerate any vessel, or the owner, master or crew thereof, from the consequences of any neglect to comply with these Rules or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

In complying with these Rules due regard shall be had to all dangers of navigation and collision and to any special circumstances, including the limitations of the vessels involved, which may make a departure from these Rules necessary to avoid immediate danger.

What this means is that if you're about to be involved in a collision, having stood on or give way in accordance with the Rule; every party involved is responsible in taking avoiding action to prevent a collision.

3. Local Rules require sail craft to keep out of the way of ferries, large cruise ships and oil tankers. Do not impede the safe passage of Commercial Vessel Shipping. Pass at least 500m ahead of their bow. Pass the ferries clear at least 200m from the bow and 30m either side and astern.
Be mindful of larger ships' bow flare. When closing any vessel, to prevent being overrun ensure you remain within sight of the Master / Officer of the Watch on the vessel's bridge. Beware of overhanging bows and other parts of ship that might obstruct this line of sight. This means that your vessel may disappear from sight inside 500m from the bows of very large ships.
Shipping Sound Signal Meanings:
One short blast – I am altering course to starboard (right).
Two short blasts – I am altering course to port (left).
Three short blasts – I am operating engines astern (stopping).
Five (or more) short blasts – I'm unsure of your intentions and I doubt whether you are taking enough avoiding action to avoid collision.
When not racing keep at least 200m clear of any ferry displaying the Orange Diamond.
4. Vessels shall not navigate between moorings whilst racing.
